## *safety measures*

We are taking safety precautions seriously during these unknown days of COVID-19. We want to balance our safety measures and the children's mental health as we go through class. We will be doing extra work behind the scenes to keep spaces and supplies clean, while allowing the children to play and create as closely to normal as possible. We won't be enforcing a social distancing policy among the children.

- Our entire time will be spent outside.
- We will have small groups of children and teachers.
- We will have increased hand-washing and hand-sanitizing practices. Which is helpful during messy art projects.
- Parents/teachers will wear masks during drop off and pickup.
- Masks will only be required by children on inclement weather days, so we can shelter in the schoolhouse.
- Each child will have individual supplies.
- Children's backpacks and gear will be stored with more space between them.
- Only 1 child will be allowed at a time inside the building for bathroom breaks.
- High touch surfaces such as bathroom and doorknobs will be sanitized frequently.
